Most of the goals set in the action plan of our club had been attained. The brochures announcing intercollegiate competitions/ fest which we got from other colleges and were forwarded by the principal were brought under the attention of students. Student

volunteers were selected from each department and they were inspired to steer the activities of the club.

The club looks forward to organize talks/classes of eminent personalities so that the students get acquainted with the field of Literature. The club also hopes to have a fund of its own for conducting its activities.

Teachers-in- charge

Prof. Susanna Thomas
