RUN FOR SAFE CHILDHOOD

When Child line Kerala celebrates its 30th anniversary of UNCRC (United Nations Child Rights Convention), a state wide awareness run was organised where the aim of the run was mainly to raise public awareness about protection of child rights and strengthening coordination among officials and civil society for ensuring the rights of the child. Volunteers participated in the drive which was flagged off by P. K. Sudheer Babu IAS, District Collector, Kottayam. The event started at 8.15am from Madona College and ended at Thirunakkara ground by 9.30am.

LEND A HAND- VOLUNTEERING THE DIFFERENTLY ABLED:

In the leadership of the District administration, a medical camp was organised at M/S Mammen Mappillai hall for the differently abled to provide the necessities for them. Volunteers lend their helping hands to assist the needy and spent their time valuably with the people who are in need of service. It was a different experience as volunteers understood the difficulties faced by the differently abled and the pain they experience. Even if we couldn't provide the equipments for them, we are filled with utmost pleasure as we could render the thing that compensated money at that point – SERVICE.

SNEHAVEEDU

University programme “Snehaveedu” is still in its track. When National Service Scheme is celebrating 50 years of its existence and as it is the 150th birth anniversary of Gandhi, the reconstruction of four houses in our adopted village Thiruvarp were completed. The handing over of the keys were done by Adv. Suresh Kurup, Ettumanoor MLA in the presence of Panchayat President Shri. Jessy Nainan, College Principal Dr. Biju Thomas, School H.M. Shri Ruby Chacko, Panchayat Vice-President Abdul Kareem and Programme Officers Prof. Sany Mary Benjamin and prof. Viju Kurian at Govt. U.P. School, Thiruvarp. When willpower exceeded money the results were the happy faces of four families. The heartfelt words expressed by the family members was more than enough to create a sense of satisfaction in us. The ceremony started at 3pm and came to an end at 5pm.

ODONATE SURVEY ORIENTATION :

This is a Tropical Institute of Ecological Science(TIES) initiative in collaboration with Forest Department to study various odonate species and mark it's relevance in maintaining the ecological balance.The orientation was at TIES and was led by Dr.Abraham Samuel, faculty member of TIES. The session was all about explaining various species of odonates,the unique features they possess and the reason for preserving them as they are closely related with the good health of water bodies.The Director of TIES Dr. Punnen Kurian explained about the area to be covered and the whole students where divided into groups.

ODONATE SURVEY:

Keeping in mind of the varieties of odonates and the way to identify them, experts and students assembled together for the survey early at 9. The area to be covered was 27 km right from Adukkam to Illickal. Wide varieties of odonates were spotted and around 55 species were spotted altogether. The survey was really interesting as a new piece of knowledge was added to the minds of the volunteers.
