Report 2018-19

‘Arts’ play an important role in molding the minds of students. In this age of technology and concrete jungles, art is of paramount importance. The Arts Club at Baselius College helps its student community to develop a positive nature and a creatively inclined student with a positive bend of mind and aesthetic approaches in every work he or she does. The Arts Club provides a place and platform for people who share a connection with the transformative artistic moments of the past, but are also part of defining the Baselian vision for the future.

Ensuing forth is the Annual Report, for 2018-19 of the Arts Club, which shall provide a clear and complete picture of the Club’s accomplishments over this past year. The focus during the past year was twofold: a) maintaining the tradition of conducting distinguished contests for which the Arts Club is celebrated, b) Apart from participating in a multitude of events, the students get a firsthand experience of organizing and managing the events, it caters to the creative needs of the students.
